✓ Civilian Personnel - Meetings - Attendance at Headquarters - Travel Expense Appropriations

A fee for the attendance of a Government officer at an annual luncheon meeting of an association at the officer's headquarters may be paid from the travel expense appropriation made specifically available for expenses of attendance at meetings determined to be concerned with the function or activity for which the appropriation is made, notwithstanding that the officer was not in a travel status....

As a general rule, the expense of subsistence at headquarters is personal to the employee and meals ordinarily may not be furnished him at Government expense within the limits of his headquarters. However, we have held that the payment of a registration fee incident to attendance at a conference held at an employee's headquarters was proper, even though meals were furnished to persons attending such conference at no additional charge. See decision of August 25, 1947, B-66978....

The Associate Director says that payment of the \$5 was required in order to attend the annual meeting and you point out that it is difficult, if not impossible, to determine the value of the meal itself.

In view of such facts and of our holding in the decision of August 25, 1947, we are of the view that the entire \$5 charge is for allowance.

The voucher returned herewith may be certified for payment, if otherwise proper.
